21.Read the text and mark the correct answer.

In 1917 a film director was making a movie in Chicago, north America. The weather was cold and he thought it would be good to finish the film in Los Angeles, southern California where the weather was warmer. The director liked southern California so much that in 1918 his company decided to built the first movie studio there. These were the first days of Hollywood and soon almost all important American movie studios were already located in there.

The text is about
